Part-Time Clinical Assistant Prep Course Summary

Course Title:	Clinical Assistant Prep (CAP)
Course Dates:	September 17, 2019 – November 19, 2019
Internship:	January 2020 – April 2020 (8 hours/week minimum)
Course Length:	10-weeks on-campus; optional 11-week clinical internship
Total hours:	40 hours; minimum 88-hour clinical internship
Days/Times:	Tuesday evenings - 5:30 pm – 9:30 pm
Program Description:	The Clinical Assistant Prep (CAP) course will teach foundational knowledge and basic science in medical terminology, basic pharmacology and nutrition, and anatomy and physiology, clinical patient care in electrocardiography, phlebotomy, parenteral administration, point of care testing, assessment & management skills of the patient, and administrative tasks as it applies to a clinical medical assistant. The achievement of these skills will allow students to obtain an optional, successful volunteer-based internship in the clinical setting with direct patient care experience . All students will be eligible to sit for the national certification exam in clinical medical assisting upon successful completion of the program.
Course Requirements:	<ul style="list-style-type: none">- Students must maintain an 85% or higher academic average and 90% or higher in attendance to participate in the clinical internship.- Students have the opportunity to participate in the optional, one semester clinical internship, which will immediately follow course completion. The student must intern at a minimum of 8 hours per week which can be fulfilled by interning for one (1) full day 8a-5p OR two (2) half days – 8a-12p OR 1p-5p.- Students will be practicing venipuncture skills on each other.- Students must have access to a computer & Internet, as this is a web-assisted course.
